

# **PUBLIC REVIEW**

**Tribal Multi-Hazard Mitigation Plan**

**December 14, 2018 – January 4, 2019**

**Tribal Government Offices**

**33143 Road 222**

**North Fork, California**

The North Fork Rancheria of Mono Indians of California has developed a Tribal Multi-Hazard Mitigation Plan. Prior to review and approval by the Federal Emergency Management Agency, the Tribe would like the community to review the plan.

The plan is essential to the Tribe's efforts to identify ways to lessen the impacts of natural hazards such as wildfires, flooding, and windstorms in North Fork. Review the plan in its entirety to learn about the results of the risk analysis and review the identified mitigation projects included in the plan. It is your opportunity to learn about how this plan can make the North Fork community safer and to contribute your ideas.

## **Review and Comment – Everyone is Welcome!**

The whole North Fork Community is encouraged to review the plan!

Wildfires, Floods and Windstorms

You don't have to be a tribal citizen to participate. All are welcome!
